

Family OUTREACH Center

2022 Annual Report Card

Dear Friends, Colleagues and Supporters...

It gives me great pleasure to report that Family Outreach Center, Inc. has experienced another successful year in providing services to vulnerable and under-resourced children, youth, adults, and families in our community. Our friends, colleagues and supporters share in our success as we endeavor to continue and expand our efforts to “reach out and strengthen family life” in Kent County and West Michigan.

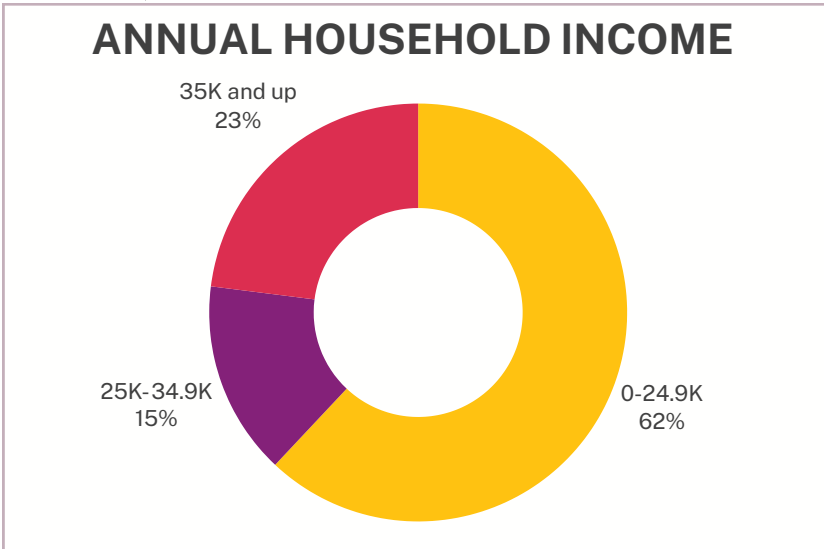

Your encouragement and financial support are what helps us to remain “mission driven.” We absolutely could not achieve our goals without you.

As you read our 2022 Annual Report Card, please know that this is just a snapshot of the impact we have had, and a preview of things to come.

A heartfelt “Thank You” is extended to each one of you. Your interest and support mean so much.

All the best to you This Holiday Season!
