

**Reaching Out To Strengthen Family Life**

# Children's In-Home Services

### Our History

Family Outreach Center was formed in 1979 as a solution to community leaders concerns about the deterioration of family life in the 'urban core' of Grand Rapids.

### Our Mission

*'Leading the way in promoting healthy family living by reaching out to underserved populations and those who are low-income in our community.'*

### Our Services

We have quality outpatient mental health, substance use disorders, education, prevention and support services for children, youth and families. We provide the support individuals and families need to be successful through all phases of life.

### Our Staff

Family Outreach Center is committed to maintaining a culturally diverse and experienced staff.

Children's In-Home Services is an integrated approach to working with families with a child or adolescent who has a serious emotional disturbance (SED) diagnosis. Services will address mental health and substance use disorders while promoting strong and healthy family functioning, provide support to families, reunite families who have been separated, and reduce the usage and length of stay in out of home placements.

In-home services are individualized and adjusted to meet the needs of the (SED) child/adolescent and their family. To prevent out of home placement due to their behavior, emotional disturbance, substance use, mental illness and/or developmental disability services are delivered to families in their homes while maintaining and strengthening the family life.

### **Services may Include:**

- Community Living Supports
- Respite
- Treatment Groups
- Case Management
- Psychiatric services

**Eligibility:** Children and Adolescents between 4–17 years of age living in Kent County with active Medicaid Insurance. Youth are screened for eligibility at Network 180.
